VOL. CVXIIII.—95. ALEXANDRIA, VIRGINIA, WEDNESDAY, APRIL 23, 1913. PRICE, 2 CENTS

COUNCIL ELECTS EIGHT OFFICIALS

Shinn, Knight and Lawler Are New Police Commissioners.

AN EXCITING CONTEST

Eight Ballots Required for First Ward Representative — Latham Elected Superintendent of Gas.

Eight vacancies in the city government of Alexandria were filled last night at a joint meting of the two bodies of City Council. There was no contest in the election of the superintendent of gas and the four members of the board of school trustees but when the election of police commissioners was reached there were three exciting contests.

Frank W. Latham was elected superintendent of gas and Walter S. Nicklin, from the First ward, T. M. Ervin, from the Second ward, Dr. W. M Smith, from the Third ward, and J. Frank Myers, from the Fourth ward, were elected school trustees. The only change in the board was Mr. Nicklin who was elected in place of Oscar W. Phillips, the latter refusing to be a candidate for re-election.

The three police commissioners who were elected are J. Edward Shinn, from the First ward, R E. Knight from the Second ward and Nicholas J. Lawler from the Third ward. Mr. Shinn was opposed by Leopold Ruben and was elected after 8 ballots, the final ballot being Shinn 13, Ruben 10. C. W. Wattles was placed in nomination against R. E. Knight from the Second ward, but the latter was elected on the first ballot by a vote of 14 to 9. T. Calvert Perry opposed Mr. Lawler from the Fourth ward but was defeated on the first ballot by a vote of 13 to 10.

None of the new Police Commissioners were chosen to serve a full four years' term.

J. Edward Shinn, who succeeds R. S. Barrett, will serve until August 1, 1916. R. E. Knight, who was elected to fill the unexpired term of Mayor T. A. Fisher, will go out August 1, 1913. A. H. Ohlert's term will expire August 1, 1914. N. J. Lawler will fill the unexpired term of Councilman Albert Bryan, and will go out August 1, 1915.

The name of Mr. Shinn was placed in nomination by Alderman Jacob Brill, while Councilman John Leadbeater nominated Leopold Ruben. The first two ballots taken resulted in Ruben receiving 12 votes and Shinn 11. On the third Alderman Field changed from Ruben to Shinn, giving the latter 12 and the former 11.

In view of the fact that it required a majority vote of all the members of both boards, or thirteen votes, for an election, it was decided for the time being to elect the two remaining commissioners. The balloting for Messrs. Shinn and Ruben then proceeded. The 4th, 5th and 6th and 7th ballot showed Shinn 12; Ruben 11, and on the eighth Councilman Chauncey changed from Ruben to Shinn, the latter receiving 13 to Ruben's 10 votes, and Mr. Shinn was therefore declared elected.

For commissioner from the Second ward, Councilman Smith nominated C. William Wattles, and Councilman Williams nominated R. E. Knight. The first ballot resulted in Mr. Knight receiving fourteen to Mr. Wattles' nine votes, and Mr. Knight was declared elected. Before voting Councilman Graham stated that Mr. Wattles had informed him as late as 6 o'clock that he was not a candidate for the position.

For commissioner from the Fourth ward, the name of Nicholas J. Lawler, was placed in nomination by Councilman Bryan, while T. Calvert Perry was nominated by Councilman Chauncey. The first ballot resulted in Lawler receiving thirteen votes to Perry's ten, and Mr. Lawler was declared elected.

A petition from J. F. Chichester asking permission to build a frame addition at the corner of Payne and Princess streets, was referred to the committee on streets.

A letter was received from Mrs. George Whitten asking that proper steps be taken to drain the alley in the square bounded by Columbus, Alfred, Wythe and Madison streets. The letter stated that this matter had been referred to the health office and the police several times, but nothing had been done. This letter led to the only discussion of the evening, Mr. Birrell saying that this was in line with the alley on south Henry street, which Council had directed drained about a year ago, and spite the direction of Council had never been done.

Mr. Brockett said that the health committee had had difficulties in getting properly organized and working smoothly.

Mr. Spinks said that in a recent trip around the outskirts of the city he had seen cows standing in the mouth of almost every sewer, and he criticised the health law for allowing milk to be sold in the city from these cows.

After some further discussion the letter from Mrs. Whitten was referred to the health committee.

When Mr. Birrell asked about his resolution to investigate the services on the Washington & Old Dominion Railway, between Alexandria and St.

NEGRO PUGILIST PLACED ON TRIAL

Johnson Faces Possibility of Fifty Year Sentence in United States Court.

$50,000 FINE LIKELY.

Negro is Charged With Smuggling on Several Occasions and Violation of White Slave Laws.

Chicago, April 23.—Jack Johnson, negro pugilist, was fined $1,000 by Judge Carpenter in the United States District Court today after charges of smuggling a two-thousand dollar necklace had been dropped and the heavy weight had pleaded non contenders to the charges of concealing from federal officials the fact that he had the jewelry in his possession. The necklace was declared forfeited to the government, and probably will be sold at auction.

Chicago, April 23.—John Arthur (Jack) Johnson, colored puglist, who reached the zenith of his fame when he defeated James J. Jeffries at Reno on July 4, 1910, went on trial before. Federal Judge Carpenter today, facing the possibility of fifty years' imprisonment and fines totaling $50,000.

Johnson, under indictment for ten separate oenses, went to trial first on the charge that he smuggled a $50,000 diamond necklace into America to please his wife, Etta Duryea, a white woman. At the conclusion of this trial, he will on May 5 answer to nine charges of violating the Mann white slave act by transporting an eighteen-year-old white girl through several states on the vaudeville tours that neted him thousands of dollars.

Johnson's first white wife was Etta Duryea, the divorced wife of a wealthy Long Island clubman and horseman. For her, it s alleged, he smuggled the necklace from Paris. Though she was showered with gifts, the unhappy woman found herself completely ostracized by her own race and by that of her black husband. There were charges by the white girl's mother that Johnosn's kindness at first later turned to brutality. And then one night the woman murmured a little prayer for forgiveness and shot herself through the brain.

Johnson gave her a costly, showy funeral. He professed to be greatly eadened b ythe death—and within a week he was paying such attentions to Lucille Cameron, the eighteen-year-old daughter of Mrs. Cameron Falconett, of Minneapolis, that the mother appealed to the Federal officials to save this young white girl from the "hypnotic influence" of the pugilist.

The mother's efforts and the efforts of the entire legal machinery of the State of Illinois bore no fruit, however, and Jack Johnson, laughing at the girl's mother, made her his second white wife. Inquiry into Johnson's relations with the Cameron girl, following a marriage attended by characteristic showiness, revealed the fact that scores of pretty white girls hardly out of their teens, had been habitues of the fighter's training quarters, and that Lucille Cameron was only one of many of her race who had been drawn to the black fighter.

The case of Belle Schrieber was selected by the Government on which to base its ndictments. Belle Schrieber was but eighteen years old when she first took the champion's fancy. Thereafter she became his traveling companion, the government charges. His treatment of her, the government will charge, graded from generosity to brutality.

Albert Stuart, a 16-year-old colored boy, who wantonly shot Eva Porter, an 11-year-old girl, last November, after the girl had invited him to "take a shot," and who has been a fugitive from justice ever since, gave himself up to the police last night. He walked into the police station and said that he was tired of trying to evade the authorities any longer. Stuart was given a preliminary hearing by Justice Caton this morning and held for the action of the grand jury. According to the witnesses the little girl was playing in the streets when Stuart passed with a shot gun on his shoulder. The girl gave him an invitation to fire and the boy raised the gun and shot her. She was taken to the Alexandria Hospital where a number of gun shot were taken from her body.

NO PROBABILITY OF WAR WITH JAPAN

Rumors Published in New York Paper Pronounced "False Alarm."

STORY WAS A FAKE.

Island Kingdom Has no Idea of Clash With United States Even Should Alien Land Bill Pass.

Washington, April 23. — Viscount Chinda, Japanese ambassador, through his secretary, Okabe, today said emphatically:

"Japan will not declare war upon the United States even though California passes an alien land law, aimed exclusively at the Japanese."

The story emanating from New York to the effect that the ambassador had warned President Wilson that the Japs could not be restrained is branded as a "false alarm."

The ambassador regrets greatly that such a story should be circulated or that there should be any war scare in this country.

"The better element of Japan," he declares, "are working with might and main to quiet the revolutionary talk of the lower classes. That these efforts will be successful is the confident belief of the ambassador.

Viscount Chinda has not been at the White House for nearly a week and he does not anticipate going there at once unless there are unforeseen developments in the Californian-Japanese situation. He will, however, visit Secretary of State Bryan, tomorrow on the usual diplomatic calling day.

The Japanese embassy has received no definite word from the home government as to the action in case the alien land law passes with merely Japanese restrictions ,but it is said today that Japan is not contemplating any course in advance of the passage of the bill.

GOVERNOR IMPROVING.

Pulse And Temperature About Normal And General Conditions Favorable.

Richmond, April 23.—Governor Mann continues to make steady progress from the effects of his operation for appendicitis Monday morning in Memorial Hospital, and his general condition indicates that the result will be entirely successful.

Last night his pulse and temperature were practically normal, and his breathing regular. Only liquid diet is being administered, and in all probability no solid food will be given the Governor for more than a week. Very strict watch is being kept over the distinguished patient by the two special nurses and Mrs. Mann herself, who has not left her husband's side since the operation.

Although there was a steady stream of callers at the hospital all day yesterday to leave cards and to express their sympathy with Mrs. Mann, no visitors were allowed to see the Governor. Of course, his son Willam Hodges Mann, Jr., enjoys free run of the sick room. Being forbidden the presence of the executive, many friends sent in substantial tokens of their regard in the shape of flowers, so that the governor's iron bed by nightfall was surrounded by walls of blossoms.

Among the first to call at the hospital in the morning was the Lieutenant-Governr, J. Taylor Ellyson. His example was followed by practically all the prominent state and city officials, who kept the hospital attendants busy answering telephone calls and the door bell all through the day.

SCUTARI TAKEN BY MONTENEGRINS

City Falls After Fierce Battle—Both Sides Heavy Losers.

NICHOLAS IS DEFIANT.

Announces That he Will Hold Stronghold Notwithstanding Threats of European Powers.

Cettinje, April 23.—Scutari has fallen.

Montenegrin troops are today in full possession of the last of the Ottoman strongholds in European Turkey.

In triumph the troops entered the city early today with tattered flags flying and when they did they bade defiance to all the powers of Europe. "We have merely retaken our own and we will hold Scutari against the powers as courageously as we fought against the Turks," declared King Nicholas of Montenegro in the midst of an almost delirious popular demonstration.

Scutari was taken after a long siege, culminating in two days of the most desperate fighting of modern times. The surrender of Essad Pasha, Turkish commandant, was announced after two hours of hand-to-hand fighting with bayonets during which both sides lost heavily.

Approximately 3,000 Montenegrins fell in the last assault on Scutari, and 5,000 Turks were killed. The victors took 20,000 prisoners.

Shortly after the formal surrender of Essad Pasha, King Nicholas, of Montenegro, triumphantly rode into the fallen city, emulating Czar Ferdinand at Adrianople, and the late King George, of Greece, at Salonika, achieving his cherished ambition.

The taking of Scutari by the Montenegrins was one of the most brilliant achievements of the seven months' Balkan war. The credit of the feat belongs almost wholly to Montenegro.

When the powers first served notice on Nicholas that he must desist, he was quoted as saying:

"I will enter Scutari at the head of my troops, or I will never return to Cettinje alive.

"We are fighting for our lives and against starvation. We have to have more territory. You cannot raise grain on rocks. Death in battle is preferable to life the way we have been forced to live."

While all of the six powers approved of the international blockade, and five of them have ships in the fleet, it is almost a certainty that if any power opened actual hostilities against Montenegro it would precipitate complications that might bring on the dreaded European war which every diplomat publicly belittles, but secretly fears.

What solution the powers will now propose is a matter of liveliest speculation in every European capital today.

RETROCESSION MANIA.

Residents of Washington And Alexandria Attempt to Interest President in Matter.

A committee of prominent residents of Washington and of Alexandria County, Va., was received by President Wilson at the White House executive offices this afternoon at 2:30 o'clock for the purpose of informing him of the efforts that were made during former President Taft's administration to get back for the District of Columbia from the State of Virginia the land which was formerly a part of the District, but which was ceded by the United States to Virginia in 1846.

The committee, which was headed by Hannis Taylor, formerly minister to Spain, as attorney for about 1,100 property owners and residents of that county, urged upon President Wilson the necessity for him to instruct the Attorney General to bring suit in the Supreme Court to test the constitutionality of the act which ceded the land to Virginia.

PLACED ON TRIAL AGAIN.

Lewis Hooff Faces Jury in Corporation Court Today the Third Time

In the Corporation Court this morning the trial of Lewis Hooff, former secretary and general manager of the defunct Mercantile Railway Building and Loan Association was commenced. This is the third time that Mr. Hooff has been tried on charges growing out of the failure of the building and loan association two years ago. He was found not guilty the first time by a jury from Lynchburg, and in the second trial, the jury from Fredericksburg, was unable to agree. In the present that the jury was brought from Richmond, 25 veniremen having arrived here last night from which the following jury was selected:

A. C. Berkley, B. Lee Hancock, C. M. Corling, John H. Kemple, Page Dunnavant, W. J. Lynham, P. A. S. Brine, Charles Kippear, John W. Starke, W. S. Preston, J. B. Angle, and J. G. Eppes.

Among the witnesses examined today were George H. Robinson, Harvey L. Drowns, Harry D. Kirk, W. J. Boothe and Mrs. Angelo.

The indictment upon which Mr. Hooff is being tried charges him with obtaining $250 from the Virginia Safe Deposit and Trust Corporation by giving as collateral three shares of the paid up stock of the Building and Loan Association of the par value of $300 which the common wealth claims was cancelled stock and valueless. The stock was originally issued in the name of C. E. Brawner, but had been redeemed by the company.

Brent, comonwealth's Attorney, and for the defense by Mr. J. L. Jeffries, of Norfolk. Mr. Jeffries is being assisted by John L. Lee, of Lynchburg, the well-known criminal lawyer.

Judge Barley said that he sympathized with Mr. Jeffries in his trouble but could not postpone the trial on account of the jury which had been summoned from Richmond. He said that he would do all in his power to expedite the hearing of testimony and would hold court tonight in order that Mr. Jeffries might get away as quickly as possible.

NEWS OF THE OLD DOMINION.

DR. SMITH TO BE INSTALLED.

Bryan Will Speak at Washington And Lee's Celebration.

Lexington, Va., April 23.—The plans for the inauguration of Dr. Henry Louis Smith as president of Washington and Lee University have been about completed. A large number of invitations have been sent to the various educational institutions of the country and more than 50 have signified their intention of sending delegates to the ceremonies. It is expected that the list will be increased during the next week.

Invitations have also been sent to the alumni and it is hoped that a large number of graduates will attend the exercises on May 7.

William J. Bryan, Secretary of State, will deliver an address at 11 o'clock on the morning of the inauguration. Mr. Bryan has an engagement in Washington that evening and he will be compelled to leave Lexington on the noon train. If the weather is good, the speech will be in the open air, but if it is raining, it will be held in the university chapel and admission will be strictly by card.

Following Mr. Bryan's address there will be an academic procession, which will consist of the faculty, seniors and the delegates. The march will be to the chapel, where Dr. Smith will deliver his inaugural address. At this time there will probably be one or more short speeches by visiting delegates, but no selection has yet been made. When the inaugural exercises are over the procession will form again and march to the university dining hall, where a luncheon will be given by the faculty to the visiting delegates and distinguished visitors. In the evening Doctor and Mrs. Smith will give a reception in the library building.

LITTLE GIRL'S SAD FATE.

Caught on Bridge, is Struck by a Passenger Train.

Allentown, Pa., April 23.—Death in terrible form came Sunday night to Carrie, the 14-year-old daughter of Eugene Christman. With her younger brother she spent Sunday with her grandmother. When they started for home after dark the girl insisted on making a short cut over the Reading Railway bridge across the Jordan. The boy, knowing that trains crossed frequently, was afraid of the bridge, and started roundabout by road.

The girl had gone only a short distance across the bridge when a passenger train backed over it. Charles Benner, rear brakeman saw the girl, and to his horror also saw the Queen of the Valley, the fast New York-Harrisburg express, come careening around the curve at 50 miles an hour, and only a block away.

He yelled to the child, but his voice was drowned by the noise of the train, and after his train had passed he could no longer see her.

The brother, down on the roadway saw his sister by the glare of the oncoming headlight as she proceeded in front of the express, unconscious of danger. She was struck with fearful force and thrown into the river. The only thing left of her on the bridge was a shoe containing a mangled foot.

The current is very swift, and although boats and grappling hooks have been employed, the body has not been recovered.

To Be Hanged in Good Attire.

Uniontown, Pa., April 22.—On the occasion of his last public appearance, John Harris, colored, will wear a flashy black and white striped suit and tan shoes. There was a chance that Harris' execution might be postponed for some time, but when the respite was refused today it became certain that he would appear before certain officials designated by the State Thursday.

Notice of Dissolution.

The firm of G. G. Wolt & Co. heretofore existing and doing florist business at 501 Washington St., in the city of Alexandria, has this day been dissolved by mutual consent. The business there will be conducted in the future by Mrs. Ida I. Rishiell, to whom we solicit a continuance of the generous patronage heretofore received by the said firm. G. G. Wolt in the future will have no part in said business.

Respectfully,
T. L. RISHEIL,
G. G. WOLT.

SALOON MEN PAY LICENSE.

Bristol Adds About $40,000 to its Present Surplus of $75,000.

Bristol, Va., April 23.—The saloon men of Bristol, in spite of the approaching local option election, appeared in the Corporation Court on the Virginia side of the city and renewed their licenses for another year, beginning May 1. Every dollar of the money has to be paid in advance, and as a result the city added about $40,000 to its surplus of $75,000, growing out of the revenues from whisky.

The revenue phase of the whisky traffic is the one feature which the temperance people have resolved to fight vigorously in the present campaign. The women of the W. C. T. U. are taking an active hand in the fight, and besides their daily prayers are arranging for speakers. Captain Richmond Pearson Hobson will speak here under the auspices of the W. C. T. U., Thursday night of this week.

Report a Poor Season.

Lancaster, Va., April 23.—Discouraging news comes from the fishing grounds of the Rappahannock and the Great Wicomico rivers as well as from along the shores of the Chesapeake Bay. Only a few fishermen have thus far managed to make expenses, while the great majority of them have lost money. The run of shad, herring and other fish that usually swarm in these waters at this season of the year is said to be smaller than has ever been known. Many fishermen are considering taking up their traps and moving them into other waters, where they hope to have better luck. The fish packers have been unable to obtain enough fish to employ the usual number of hands, and consequently all branches of the business are suffering. It is said by old fishermen that the season thus far has been the least probable in the history of the industry.

Fruits Badly Damaged.

Winchester, Va., April 23.—After making thorough examinations of apple orchards today, growers of Frederick county, the largest producer in Virginia, say the frost and freeze of early Monday morning caused considerable damage, but it is too early accurately to estimate the extent of the loss. Similar reports came today from Clarke and Shenandoah counties, while W. A. McComb, of Staunton, secretary of the Virginia Fruit Growers Exchange, says practically the entire crop of Augusta county has been wiped out, even the latest blooming varieties being affected.

TRAIN KILLS TWO IN MOTOR.

Doctor and Woman Automobilists Run Down at Crossing.

Pataskala, April 22.—Dr. B. B. Ashbrook and Mrs. Clara Vixon were instantly killed yesterday afternoon, when a fast east-bound Pennsylvania special train bearing General Superintendent R. E. McCarty, of Columbus, and party, struck an automobile in which the doctor and the woman were crossing the railroad track. Dr. Ashbrook's body was carried a quarter of a mile on the pilot of the engine before the train was brought to a stop. Dr. Ashbrook was a brother of Congressman W. A. Ashbrook, of this district.

Struck by Auto.

Lynchburg, Va, April 23.—W. L. Adams, a building contractor, was run down by an automobile at Eighth and May streets Monday morning. He is internally injured, probably fatally.

DYNAMITE OUTRAGE.

Subscription Started to Employ Detective to Run Down Guilty Man.

Williamsburg, Va., April 23.—There are no new developments in the attempt to dynamite the home of F. H Ball at an early hour Sunday morning except that a subscription was started to raise funds to employ a detective to run down the guilty party. It is said strong suspicion points at least to one man, and Mr. Ball freely declares that he has no doubt he is the guilty one. The motive cannot be given without furnishing a clue to the identity of the man under suspicion.

The public feels that a dastardly crime has been attempted which is an offense against society that can only be wiped out by the detection of the criminal. If the guilty one should be located, he would fare badly. The City Council will meet soon, at which time the outrage will be considered by that body, and a reward offered or money appropriated to help pay for the services of a detective.

LOOKING FOR JOSEPH CARR.

Suffered From Tuberculosis, His Wife Thinks he is a Suicide.

Washington, April 23.—Search is being made by the Washington police along the water front for traces of Joseph Carr, a Virginian, who has been missing from his hme for eight days. Mrs. Carr reported the absence to the police last night, stating that she had given up hope for the return of her husband alive and believed that he had killed himself by throwing himself into the Potomac.

Mrs. Carr told the police that eight days ago Mr Carr left with a friend to see a wrestling bout in a local theater. After the theater, so she was informed by her husband's companion, they went to a restaurant. On leaving the restaurant Mr. Carr told his friend that he was going home and left him about 12 o'clock going in the direction of his home.

Until three years ago Mr. Carr was in business in Leesburg, Va., which he had given up because of failing health. He has been a sufferer with tuberculosis for years and his strength was so far gone that he could not attend to his affairs in that town properly. He secured employment with a banking firm in Washington and has been here since.

Mrs. Carr stated to the police that her husband's financial affairs were in such a tangled condition that she feared that to escape them he had committed suicide. She knew from previous conversations that if it came to suicide it would be by drowning and considering the circumstances surrounding his last appearance, she believes that instead of going home he went to the Potomac and drowned himself.

Mr. Carr's friends and his brother, Herbert R. Carr, are assisting in the search, hoping to find some trace of the missing man. No signs have yet been found, however, and the police are of the opinion that none will be found until the Potomac gives up the dead in a week or ten days

ANOTHER VIRGINIA NEWSPAPER SUSPENDS.

An editorial in the Gazette a few days ago gave the details of the consolidation of a number of daily newspapers in the state among them papers in Norfolk Roanoke and Harrisonburg. Still another daily has joined the number of newspapers which have failed to make a success in this state. The latest is the Lynchburg Progress, an afternnoon paper, which was established a year ago in competition with the News and Advance, owned by Congressman Carter Glass. After many trials and tribulations the Progress suspended yesterday, and the plant and good will was purchased by Mr. Glass.

This plant will be utilized by Mr. Glass for the publication of his two papers until he can rebuild the plant burned yesterday.

The Progress was established by Wilbur L. Moorman, of Amherst county, with a view of publishing a progressive paper, having afternoon and semi-weekly editions. The paper lost money, and about two months ago it was taken over by a local syndicate of business men, who attempted to finance it. None of these was a newspaper man, and when the News and Advance were burned out, the local men were not unwilling to dispose of their holdings. Mr. Glass saw the opportunity to relieve himself in an extremity and bought the equipment, which he says would not have been taken over under other circumstances.

The owners of the Progress were lucky. Business men who go into the newspaper game are generally left with a lot of junk in the shape of preses and second-hand printing material when the newspaper fails.

THE JOINT SESSION OF BLACK COUNCIL LAST NIGHT.

A joint session of the Board of Aldermen and Common Council could have been held a year ago as vacancies in the Board of Police Commissoners have existed that long, but the meeting had been deferred from time to time, as the work of filling the vacancies had not been regarded as urgent.

By last night, however, five other vacancies had occurred, and it became necessary to elect a superintendent of gas, four school trustees and three police commissioners.

The present incumbent, F. W. Latham, having no opposiiton, was elected superintendent of gas by the unanimous vote of the two branches. Four school trustees were also chosen by unanimous votes.

It was necessary to elect three members of the police board, by reason of resignations. In each ward the names of two candidates were submitted. It took but two ballots to fill the vacancies exsting in the Second and Fourth wards, but eight were necessary before the vacancy in the First ward was filled.

In each case a motion to make the election unanimous was carried.

The proceedings last night were devoid of acrimony, and the members of the two boards adjourned with pleasantry in the air.

The issues which have during the past two years and a half caused more or less friction in Council are about burned out and both factions now realize that they were sent to Council to vie in the best interests of the city, and they seem to disposed to act accordingly.

The men elected last night will doubtless prove faithful to their trust, as would also those whose services were declined.

MONTENEGRINS ENTER CITY OF SCUTARI.

King Nicholas said he would surely enter Scutari at the head of his army notwithstanding the threats of Europeans or the appearance of their fleets. He carried out his determination by entering Turkey's last stronghold today.

'Now what are you going to do about it?" is the question propounded in Continental capitals. The Montenegrins have defied the bristling bayonets and dreadnaughts of the great powers of the world.

The great nations are standing off, each watching every movement of the other. No country seems ready to take the initiative in humbling Nicholas for fear of bringing on a terrible upheaval.

The Montenegrins, like the Japanese before Port Arthur, have been compelled to pay a high price for their victory. They have lost thousands in the fierce fighting which was necessary before the Turk could be forced to relax his hold. The Moslem loss has also been heavy, the result of hand-to-hand fighting, where musket met musket in the sanguinary clash.

JAPANESE WAR CLOUD SOON PASSES AWAY.

As had been suspected, the dispatch purporting to come from Washington and published in a New York paper to the effect that Viscount Ochinda had stated that should the alien land bill be passed by the California legislature, the Japanese could not be restrained and that war would be inevitable, has been pronounced a fake in emphatic terms by the viscount. The latter went further and stated that should the objectionable bill became a law no war would follow.

Yellow journalism gives as much trouble in Japan as in the United States. Certain Tokio newspapers and demagogus fan expiring coals in that city and attempt to start unnecessary excitement. We have such in the United States and they are ready to make all sorts of statements and place words in representatives' mouths they never dreamed of uttering.

JAPANESE SITUATION.

Mikado's Subjects Said to be Inflamed Over California's Attitude.

According to a Washington dispatch to the New York American, Ambassador Chinda visited the White House yesterday, and informed President Wilson, in the name of the mikado, that the Japanese people could not be restrained if the alien land law proposed by California was directed exclusively at the Japanese. The populace, already inflamed, would regard war as inevitable, and the Japanese government would be unable to control the situation.

"The attitude of California is perfectly just and in accord with restrictive land legislation which has long been operative in Japan," declared Capt. Uyeno, attache of the Japanese Embassy at London, upon his arrival in New York yesterday. After making this remarkable statement in reference to the agitation over the proposed exclusion of aliens from holding property in California, Captain Uyeno said:

"Foreigners are restricted in the holding of land in Japan, and it is but fair that California should enact such legislation as she sees fit to offset this"

Captain Uyeno is now on his way home, going by way of San Francisco. He strongly deprecated any possibility of a war between the United States and his country.

"The best element in Japan is for peace," he said, "The friendliest feelings are entertained for the United States. Any agitation that has sprung up has been caused by officeseekers, who are willing to stoop to such methods to create a sensation. No doubt, a spirit for war exists among all peoples, but not among the temperate-minded portion."

THE CALL OF THE FARM.

The lure of the country's amazingly strong
To the heart of the country-bred boy,
In these glad days of spring-time when rural folks long
For the sights which they always enjoy.

In the heart of the city he wants to be there,
Where the lands are abloom with the green,
For the country can never be nearly so fair
As in season of April's fresh sheen.

He can see the men plowing the turf for the corn,
He can see the broad fields of green wheat,
In his vision he sees where the hay-fields adorn
The hill-sides in spring-garb so neat.

The lowing of cattle is music to him
Who has listened to April's alarm,
And the city seems cheerless, and lonesome and grim,
When he's heard the still call of the farm.

A spirited election by the joint bodies of council last night resulted in the selection of police commissioners and school trustees. No casualties are reported.

The evening was enlivened by a recitation by Councilman Spinks entitled "Of the People, for the people, by the people," and a solo by Councilman Williams, entitled "I cannot bear to leave thee."

Eeny, meeny, miney, mo,
Where is it you'd like to go?

Or other place that is in reach,

Or old Pohick, now what you think?

To The Citiezns of Alexandria and R. F. D.'s

As certain candidates have seriously stated that I am out of the race for Postmaster of the city. I desire to correct the error, and to state that while I do not care to annoy my friends or the public by begging signatures to useless petitions, that after 40 years' service to Alexandria and the Democratic party, I am, at least, a receptive candidate for the position, other active candidates to the contrary notwithstanding.

GREAT IDEAS OF GREAT MEN.

It was Hampden who established in the English mind the idea of liberty; Cromwell, who established the idea of toleration; Blake the idea that Britain must be the master of the seas; and Milton the idea of the liberty of the press; and we take the liberty to state that John A. Marshall & Bro., are the best prepared to serve the people this spring with the latest and finest footwear on the market. In addition to other styles their Buster Brown shoes for children, Misses and Grown-up girls are claiming the attention of the buying public. For men their styles are the very latest.

NEWS OF THE DAY.

A leather bag bulging with sample crackers was the reward of two highwaymen who lay in wait yesterday for the paymaster of the White Rock Mills, at Westerly, R. I., who was due to pass the spot with the weekly pay roll. The paymaster was late and when Edward Sullivan, a salesman for a biscuit company of Boston, happened along he could not convince the robbers that he was not the man they were expecting. The men wore automobile coats and goggles and were armed with revolvers.

Characterizing organized baseball as "the most audacious and autocratic trust in the country," Representative Gallagher, of Illinois, has introduced a resolution for an exhaustive inquiry into the operations of the National Commission, by a special committee of Congress and would also direct the Attorney General to investigate the baseball contract system with a view to instituting prosecutions for violation of the Sherman Anti-trust law.

By an overwhelming vote the House yesterday passed the sundry appropriation bill with provisions to prevent the use of funds appropriated to carry out the anti-trust law for the prosecution of labor unions and farmers' co-operative organizations. An attempt to strike out the two provisions, which caused former President Taft to veto the measure in the last days of the Sixty-second Congress was defeated by a vote of 4 to 198.

Mrs. Alice Copley Thaw and Geoffrey G. Whitney were married yesterday at Cumberland Island, Ga., at the estate of Mr. and Mrs. George Carnegie, brother-in-law and sister of the bride. Mrs. Whitney is the sister of Harry K. Thaw. Mr. Whitney is a Boston banker. Mrs. Whitney was formerly the wife of the Earl of Yarmouth, whose marriage was annulled several years ago.

The Belgian premier, Charles De Broqueville, announced yesterday afternoon in the Chamber of Deputies that the government had accepted with an unimportant amendment the resolution introduced by F. Masson, the liberal leader, providing for a compromise. This means that the great franchise strike has come to an end.

The School children's strike against retention of S. L. Heeter, as superintendent of the Pittsburgh public schools, continued to spread yesterday. Reports from practically every part of the city told of both boy and girl students refusing to re-enter the school buildings. Supt. Heeter last week was acquitted of the charges made against him by Ethel I. Fisher a former domestic in his home, but the trial created so much feeling against him that the public is demanding his removal. Supt. Heeter, on Monday night was burned in effigy in different parts of the city. An unidentified girl about 4 years old was run down and killed by a street car while watching the parade of strikers.

Becoming alarmed when repeated calls failed to arouse inmates of a room at the hotel Belmore, in New York the management investigated today and found the couple who had registered Monday as "W. Baldwin and wife, of Paterson, N. J.," seriously ill of morphine poisoning. When the police were called in it was found that the man was Dr. Wm. S. VanDiens, Jr., a young physician of New York, and the young woman was Madeline Hackitt, 18 years old, of Little Falls, N. J. Dr. Van Diens died, but the girl, who declares she was secretly married to the physician, will probably recover. She told the police that unable to sleep, her husband had given both she and himself an injection of morphine.

The bodies of Mrs. Ernestine Kommichau and her daughter, Selma, were found yesterday immured in concrete in the basement of a building in St. Louis. The bodies were so disintegrated that identification was difficult. Marie Kommichau, another daughter was arrested and held for an investigation in connection with the mystery. Marie stated that her mother and sister died of natural causes nine months apart and that she buried them in the basement at their request because they feared ghouls.

The first ship will pass through the Panama Canal before January 1, 1914 according to the latest estimate of Col. Gerge W. Goethals. Water will be let into Culebra Cut about October 1, and one flight of locks will be completed at either end of the canal at the same time. Capt. Amundsen, Discoverer of the South Pole will pilot the Fram through the canal as the first vessel to go from one ocean to the other. In response to a question from Capt. Amundsen, Secretary of War Garrison made inquiry regarding the completion of the work, and yesterday received from Col. Goethals the prediction that the two oceans would be connected within the next eight months providing slides do not offer too great an obstacle. Secretary of the Navy Daniels says that the cruise of the Atlantic Fleet during the season following the proposed trip to the Mediterranean will be through the Panama Canal and along Pacific ports.

Three men were killed and seven injured in an explosion yesterday in the packing houses of the Atlas Powder Company at Lake Hopatcong N. J. The packing house was wiped out and no trace was left of the three men known to have been working inside at the time. Those injured were working in the 50-odd other buildings of the plant near the packing house. The explosion broke windows of houses at the other end of the lake, four miles away.

DROPPED DEAD OF POISON.

Murder And Suicide Theories in Ante Nupital Tragedy.

Wilmington, Del., April 23,—Enough poison to prove death to have been due to it instead of heart trouble was found in the stomach of Frank Koprowski, the young man who dropped dead a week ago in the plant where he was employed and who, relatives think, was murdered. Coroner Spring admits this much.

It was stated yesterday that the authorities are working on the theory that Koprowski committed suicide. They have learned that just before he dropped dead he was seen to swallow some water, and it is believed the poison was arsenic.

Friends scout the suicide theory, claiming he had everything to live for, because he owned property, had money in bank and next Saturday was to have married Miss Helen Booth, a pretty young woman who has been prostrated ever since his sudden death.

Council Elects Eight Officers.
(Continued from page one.)

Asaph Junction, it developed that the resolution had never gotten to the committee, the paper having been mislaid or miscarried in some manner.

BOARD OF ALDERMEN.

The volume of business transacted in both boards of the City Council last night was the smallest for many months. All the interest was centred on the joint meeting at which a superintendent of gas, school trustees and police commissioners were elected.

Four papers of a miscellaneous nature were introduced in the Board of Aldermen. They were promptly disposed of without discussion.

Two papers were received from the Common Council and their action was concurred in.

After an extended recess Mr. Brockett from the lower board appeared in the chamber and extended an invitation to the Aldermen to meet the Common Council in joint session for the purpose of electing the officers referred to above.

The invitation was accepted and upon their return the board adjourned.

Had Tuberculosis of Glands; Now Well

If you are a sufferer from Glandular Tuberculosis, or know of anyone so afflicted, it might be well to investigate this case, where the writer declares after a year of suffering, he found permanent relief and full recovery to health by using Eckman's Alterative, a medicine which has been effective in many cases of Tuberculosis:—

257 Laruston St., Phila., Pa.

"Gentlemen:—In March, 1909, I was taken sick and my doctor pronounced my case 'Tuberculosis in the Glands.' Medical treatment did not help me, and on my doctor's advice, I went to a hospital to be operated upon, but relief was only temporary. I lost strength, and at times would have cold sweats and fever. In April, 1910, I returned to the hospital, but the continued operations were not benefiting me.

"In the meantime, a friend of mine advised Eckman's Alterative, saying it was good for Tuberculosis. The wounds in my neck were still open and in a frightful condition when I started to take it. After using two bottles, I found I was improving, having gained weight, could eat, and was able to sleep. I continued using it until I was well, which was in November, 1910. Before I took the medicine, I had three hemorrhages; since I have been taking it, I have not had any. On November 11, 1910, I started to work, and since that time I have not lost one day's work through sickness. I can highly recommend Eckman's Alterative to anyone who is suffering from Tuberculosis or Gland Trouble, providing they take it as directed. I will gladly correspond with any party desiring further information of what the medicine did for me." (Sworn affidavit) JOSEPH B. WHITE.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

John E. W. Wayman, former State's attorney for Cook county Illinois fired two bullets into his body at his residence yesterday. The cause ascribed was a nervous breakdown due to ill health. TRUSTEE'S SALE OF RESIDUE.

Trustee's sale of the residue of the "Belvoir" or "White House" tract of land located in Mt. Vernon Magisterial District, Fairfax County, Va., containing approximately 1100 acres with improvements.

By virtue of the authority vested in us by the will of Philip Otterback, deceased, and under decree of the Circuit Court of Fairfax county, Va., in the suit of Otterback vs. Bohrer, at its March term, 1913, the undersigned trustees will offer for sale at public auction, in front of the Royal Street entrance to the Market House in Alexandria, Virginia, at

12 O'CLOCK NOON, ON SATURDAY, THE 26th DAY OF APRIL, 1913,

the above described property.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon, by Dogue Creek, originally consisted of approximateely twenty-seven hundred (2,700) acres, of which 1,500 acres has been taken by the United States Government for a school of Equitation or Horsemanship. The balance between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber. It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by the old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

Terms of Sale:—One-third cash and residue in 3 equal annual payments at one, two and three years from the date of the confirmation of the sale with interest from the said date of the confirmation of sale at the rate of six per cent per annum, interest payable semi-annually, with right to anticipate the time of paying the deferred payments, secured by retention of title till paid.
